

K-Love is our pick-me-up everyday. The TV is filled with killing, teen pregnancy, violence, you name it, spouses cheating or killing each other. This station gives hope to us in Pineville, LA. The music is meaningful, the prayer line is always available and that is encouraging 24/7. The scriptures the quote on air are good devotionals to use and remind us how wonderful Jesus/God is. Taking this station off the air is ludicrous and very selfish, Take a non-Christian station off. My teenager and friends love this music and the DJs, K-love keeps us up to date on new music and new bands. As my daughter says, "I always get "psyched" when they play me favorite song" Imagine that, her favorite song is Christian music. We rarely watch TV and many other radio stations have music with foul language and/or suggestive lyrics. Give us our enjoyment and leave K-love alone. If you do anything, support them in every way the FCC can.
